

Due 8/28/2012.

1. Basics:

- (a) Name: _____
- (b) Name (what you want me to call you): _____
- (c) Major(s)/Interest: _____

2. Calculus I Background (Skills of Differentiation):

- (a) Where did you take and **pass** Calc 1? _____
- (b) When (calendar year)? _____
- (c) How would you rate your skill level? (0=no skills, 10=anthropomorphic exam key) _____

3. This Course: Write (in your own hand) a statement of your commitment to this course. (You may use the back of this paper.)

Discuss all of the following:

- (a) Your (realistic) goal for a grade and how you plan to attain it.
- (b) Your plans regarding (on time) class attendance.
- (c) Your honesty in doing your own work and following all rules on exams and quizzes.
- (d) Have you read the entire syllabus? Do you have any questions, comments or concerns?
- (e) Sign the statement.

4. You: Tell me some interesting facts about yourself that will help me get to know you.

Examples: What is your favorite book/movie/video game/board game/show? What is your favorite music genre/band? What do you like about your major? What is your favorite programming language? Did you do anything interesting over the summer? Another interesting fact about yourself, etc.
